VIN MARIANI

Mariani Wine—World Famous Tonic
A restorer of the Vital Forces. Vin Mariani is a perfectly safe and reliable diffusable tonic and stimulant; it gives strength and vigor to blood, brain and nerves; it fortifies against disease; it nourishes, sustains and refreshes the entire system.
All Druggists. Refuse Substitutes.

Retired on Pension.

Policeman John P. Hinkel, having been found disqualified by reason of physical disability for further active duty, has been retired on a monthly pension of \$50, to take effect April 1, 1900. Mr. Hinkel is one of the oldest members of the police force, having been appointed February 5, 1890.

RAN A DEAD HEAT

Exciting Race Between Fast Two-Year-Olds.

ACCIDENTS IN THE STEEPCCHASE

Georgetown Defeats the Cornell University Team.

CURRENT SPORTING NEWS

The feature of the racing at the Benning track yesterday was a dead heat between two two-year-olds, P. S. P. Randolph's Scurry and R. W. Walden's Anecdote, the former being at 30 to 1, and the other at 1 to 2 favorite. This was the second on the card, and the half mile was run in 49.4 seconds, within three-tenths of a second of the track record, 49.2 seconds, made by Exotic April 28, 1891. This performance of the two youngsters was considered by the trainers at the track an unusually clever one. Under the rule of the Jockey Club prohibiting the running off of dead heats between two-year-olds, the purse and bets were divided.

In the steeplechase event, at two and one-half miles, in which four started, two of them failed to finish. Baby Bill, the 8 to 5 second choice, falling at the jump just before the water jump, and Nestor, miserably ridden by Purcell, the 20 to 1 outsider, bolting at the latter jump. Donohue, the rider of Baby Bill, escaped with a bad shake-up. The race was won by Mr. H. Rogers' Danahy's Prince, who jumped beautifully, and ran Cosmopolitan, the even money favorite, off his feet, winning by twenty or thirty lengths.

The first race went to Revonah, coupled with Candia in the betting at 4 to 1, beating Speedmas in a drive by a head. Royal Sterling, the 4 to 5 favorite, captured the fourth race easily. In this race Michael, the onetime noted bicycle rider, rode Chas. T. Hayman, who was not placed, and "Faster Bill" Dalrymple, who was not placed, did not run away. But two horses, Boney Boy and Robert Metcalf, started in the last race, the former winning as he pleased.

First race, for fillies and mares, three-year-olds and upward, five furlongs—Revonah, 12 (Hooker), 4 to 1, won; Speedmas, 10 (O'Leary), 3 to 1, second; Royal Sterling, 10 (Laudry), 6 to 1, third. Time, 1:37.15. Sweet Caporal, Lady Lindsay, Lepmon, Decatur, Princess India, Proud, Allie H. and Candia also ran.

Revonah and Candia coupled in betting at 3/2 to 1.

Second race, for fillies and geldings, maidens, two-year-olds, one-half mile—Scurry, 30 (Slack), 30 to 1, and 1, and Anecdote, 10 (Hottel), 8 to 1, won; Royal Sterling, 10 (Laudry), 6 to 1, second; Grandeur, 10 (Slack), 20 to 1, and 3 to 1, third. Time, 1:24.15. Albert Enright, Frank Morrison, The Copper, Belle of Danville, Della Cee and Infatigable also ran.

Third race, steeplechase, for four-year-olds and upward, about two miles and a half—Plato, 12 (Dayton), 5 to 1, won; Cosmopolitan, 12 (Drackett), even money, and out, second; Nestor and Baby Bill also started. Time, 5:31.25.

Fourth race, for three-year-olds, non-winners, six and one-half furlongs—Royal Sterling, 10 (Mitchell), 4 to 5, won; Grandeur, 10 (Slack), 20 to 1, and 3 to 1, second; Magic Light, 10 (Laudry), 15 to 1, third. Time, 1:24.15. Thermos and Charles T. Hayman also ran.

Fifth race, handicap, for three-year-olds and upward, a mile and a sixteenth—Boy, 12 (Mitchell), 1 to 2, won; Robert Metcalf, 10 (Slack), 9 to 5, second. Time, 1:53. No place betting on second horse, but two starters.

Another game for Georgetown. Cornell was beaten yesterday afternoon by 14 to 4.

Georgetown scored an easy victory over Cornell yesterday on the Georgetown campus, winning by 14 to 4. On account of the visitors' wish to catch an early train out of the city only six innings were played.

Quite a good-sized gathering was on hand to cheer on the players, the yell and songs of both colleges brightening things up considerably.

For a team that has had the guiding hand of Hugh Jennings for the past month Cornell gave an exhibition that was deplorable. In running bases and covering the different sacks for throws from the catcher the team showed a woeful lack of team work, and neglected the outlook of a club that had not had the tutelage of such a noted player.

As an example, Brown drove a beautiful double to right field, with two men on first and second bases. The man at second reached home all right, but the other turned third when the ball was in the air, and was easily run down. The catcher at third did nothing to help out his companion, and a good winning streak was nipped in the bud. On top of this weakness the home team came a wonderful play by Left Fielder Walsh. A long fly was knocked into his territory, close to the foul line. After a hard run Walsh got under the ball and made a beautiful catch. A Cornell man was on third and started home the instant the sphere struck the fielder's glove. Without hesitating a second Walsh cut loose with the ball for the home plate, and as clean as a whistle it landed in Cranston's glove and the runner was halted about a yard from the plate. Had the ball been on either side of Cranston the runner would have scored before the former could have recovered. The play might be classed as lucky for Georgetown, but for the fact that Walsh is credited with making several throws of like accuracy, and he deserves the greatest credit of praise. It was several minutes before the cheering and hand-clapping subsided.

Twitler White began the pitching as a state of 13-0, and the home team for Golden. The latter got a poor start, and the visitors quickly piled up three runs. Blinn was called in from right to relieve Golden and pitchers for the final two innings followed.

Individually the Cornell boys put up a game, but they were lamentably weak at the bat. Coetzee on first, blundered himself and had the earmarks of a corner.

The Georgetown boys all did well. Smith is a little slow around third, but the position is new to him and he will improve. He is quick on bunt hits, his recovery and throwing being particularly sharp and accurate.

WHIST.

Washington Defeats Baltimore by a Score of 10 to 0.

The Baltimore Whist Club sent a mixed eight of its representatives to this city yesterday to meet a like number of whist-players from the Washington Whist Club, and after several hours of interesting play, victory perched upon the banners of the locals, the score being ten points in their favor.

Three rounds of six boards and one round of four boards were played. The best the visitors could do was to break even, as follows: First round, Washington, plus 3; second round, Washington, plus 1; third round, broken even; fourth round, Washington, plus 6.

The four ladies and gentlemen who contested under the banner of the Washington Club are undoubtedly the best whist-players not so much from an individual point of view, but as a team. The first three gentlemen were quickly recognized as the old Capital Whist Club standbys, while the fourth lady had been playing together as the representatives of the Washington Club in the different contests for ladies. The team from Baltimore can also be considered very strong, embracing as it does the four best whist-players in the city. A wonderful showing for the American Whist Club trophy, while the ladies stand at the head of the clubs to which they belong. The following are the names of the players of both teams:

Baltimore—Miss Goldsborough, Mrs. Evers, Miss Rittner and Miss Hinkley. Messrs. Hinkley, Beverly Smith, McCay and Thomas.

Washington—Mrs. McCrea, Mrs. Davis, Mrs. Ruff and Miss King. Messrs. Low, Wooten, Barrick and Stephens.

The whist committee of the Columbia Athletic Club has issued invitations for compass whist at the rooms of the club.

1409 H street northwest, next Tuesday evening, April 10. Representative whistlers from all over the city will be present, and quite a delegation from the Washington Whist Club is expected. Should the latter materialize an evening of exceptional whist can be looked for. Play began promptly at 8 o'clock, and the committee desires those intending to participate to be on hand at the appointed time.

The clever playing of the Yarrowbrough team No. 2, captained by Mrs. Woodward, has attracted a great deal of attention from the whist-players of this and nearby cities. Washington is credited with having many clever players, and a team so lately formed capable of winning from Mrs. McCrea's team is entitled to lavish praise.

Miss Schmidt's class of whist meets this evening at the rooms of the Yarrowbrough Club.

Atlantic City Golf Club Contests.
Fine golf was witnessed yesterday on the links of the Atlantic City Golf Club at Northfield, N. J., when the first round of the 36-hole play contest was played. The sixteen who made the lowest score began match play for the Atlantic City cup today, and three other sixteen will also be in play for the trophy.

The weather yesterday was ideal and a large crowd was out. W. J. Travis of the Atlantic City Golf Club had the lowest score, making the thirty-three holes in 134 strokes. H. M. Forrest almost tied him. The surprise was the failure of W. H. Davis, the Lakewood crack, to qualify for the first sixteen.

HAGERSTOWN NEWS GRIST.
New Order for Sale of C. and O. Canal.

Special Correspondence of The Evening Star.
HAGERSTOWN, Md., April 5, 1900.
The Maryland senate in its closing hours before adjournment passed a resolution directing the board of public works, after taking such steps as it may deem necessary to bring about the sale of the Chesapeake and Ohio canal under Judge Alvey's decree. Senator Betts alone voted against the resolution. In 1891 Judge Alvey signed a decree for the sale of the canal. That time was further extended by Judge Stake until May, 1900. The board of public works is directed by this joint resolution to resist further extension. A sale under this decree would give a complete title to the property and the purchaser would gain possession.

Fire caused by sparks from a portable engine destroyed the large barn on the farm of Samuel W. Keedy, near Edgemont, together with ten tons of hay and other produce. The loss is about \$1,500, partly insured. The barn was in the rear of the neighborhood, was burned only a week ago.

Dr. Samuel Keedy, a native of Hagerstown, and United States consul to Rheims, France, during President Cleveland's administration, was reunited in marriage to Mrs. Julia D. Keedy in the sick room at St. Agnes Hospital, Baltimore, by Rev. Father Starr of Corpus Christi Catholic Church. Dr. Keedy has been seriously ill in the hospital for several months with little hope of his recovery. His family is one of the oldest and best known in this county.

At the municipal election at Hancock, this county, the following officers were elected: Burgess, W. D. Myers; assistant, Peter E. Dawson; commissioners, E. P. Cobhill, James H. Breached Bridges; town sergeant, Samuel Rhodes.

At the corporation election held at Middletown the citizens' ticket was victorious over the lay and order ticket. Joseph Doherty was elected burgess and Dr. Joseph E. Beatty, Samuel L. H. Lighter, John D. Miller, Henry M. Kefauver and Stephen B. Coblenz, commissioners.

Eleven years ago there were six creameries in Washington county—one each at Williamsport, Newburg, Magnanville, Keedyville, Big Spring and Hays. They have all relapsed into history except the Hays creamery near this city.

Harper's Ferry commissioners gave franchises to the Winchester Telephone Company and the Bell Telephone Company. The former will commence at once to set up poles, when Hagerstown will be connected with Charles town, Shepherdstown and other points.

The feeders of the Chesapeake and Ohio canal were opened yesterday, virtually making an opening in the waterway for the season. It will take about two days to fill the levels. Way bills will be issued Friday for light boats bound to Cumberland and the first cargoes of coal will be loaded on April 9.

Divorces have been granted to Mrs. Ida Carloss from her husband, Howard Carloss, and to Mrs. Cora L. Largent from her husband, Ira C. Largent. The parties are all residents of Hagerstown.

ADMIRAL AND MRS. DEWEY THERE.
Concert in Philadelphia for Families of War Veterans.

An orchestral concert in aid of the families of the soldiers and sailors who were killed in the Philippine Islands was given at the Academy of Music in Philadelphia last evening. Admiral and Mrs. Dewey lent their aid to the concert by their attendance.

The concert was an unqualified success, the large auditorium being entirely filled. The audience was made up almost entirely of women.

Admiral and Mrs. Dewey arrived shortly after 2 o'clock. The distinguished couple were met by the private secretary of President Cassatt of the Pennsylvania road, and escorted to the Bellevue Hotel.

At the depot and hotel there were large crowds awaiting the admiral, and he was warmly cheered. At the Bellevue Mr. and Mrs. Dewey were received by Mrs. A. J. Cassatt and other ladies, who had charge of the concert. A luncheon was served, and then the party was driven to the Academy of Music, a block away.

The admiral and his wife occupied an upper promenade box, with Mr. and Mrs. A. J. Cassatt. The distinguished couple were enthusiastically received by the large audience. The program consisted of numerous selections of eighty resident musicians and soloists.

After the concert had been concluded Mr. and Mrs. Dewey were escorted to the foyer of the academy, where they were introduced to a dozen prominent society young ladies, who were dressed as Red Cross nurses, and who were selling programs and serving tea. Both admiral and Mrs. Dewey drank a cup of the beverage and then followed a scramble among the young ladies for the cup out of which the admiral drank.

In the evening Admiral and Mrs. Dewey were the guests of Mr. and Mrs. Cassatt at dinner at their city residence on Rittenhouse Square. Among the guests present were Secretary of War Root and Mr. Root, Capt. James H. Sand, commandant of the Naval Home, and wife, and Provost C. C. Harrison of the University of Pennsylvania, and wife.

HEARTILY ANTI-DOG.
Plea for Rigid Enforcement of the Muzzle Order.

Referring to the three children bitten Tuesday last by a supposed mad dog, Mr. J. J. Connelly of 34 and P streets, has written to Commissioner Wight to the effect that to his own knowledge the other children were bitten by a dog within the past week and severely injured.

"The victims in this instance," states Mr. Connelly, "are now at the Pasteur Hospital in Baltimore, undergoing a most painful treatment, at great expense, which their parents are suffering under. The suffering of these little ones, four and five years of age, respectively, the anxiety of their parents, and the expense, is a sufficient argument that the law must be rigidly and strictly enforced as to the licensing of dogs, the muzzling and impounding."

The pleasure which the 2,000 advocates of a liberal dog law derive from keeping dogs could in no way atone for the misery, to his own knowledge, the other children were bitten by a dog within the past week and severely injured.

We're often outdone in newspaper space, but never in value.

Airship.

Having had my patent granted for an airship, it is impossible to remain quiet. The time has passed when Aerial Navigation seemed impossible, but any one having a knowledge of Philosophy will not doubt its practicability.

Use force with force and we must go ahead. If a ship be placed in current it cannot make headway without resistance. The wind acts upon the water and float, hence the speed is increased; so with sailing and steamships; speed is resistance and according to my plan. There is no doubt about it.

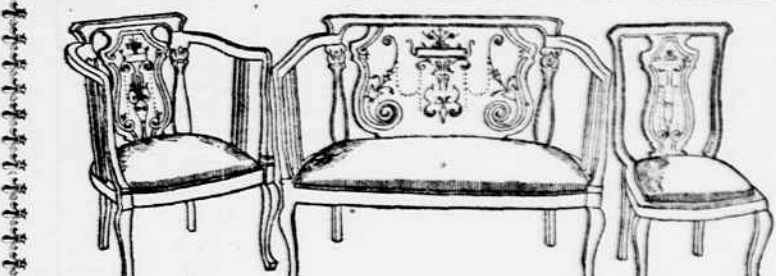

The question is not how these air floats will get up and keep up, they have been seen over a century ago, and used for reconnoitering armies, but we want to know how and to what profit can they be used, which evidently needs no demonstration. Portions of my principal studies are inserted in The Evening Star March 28.

Construction and operation ready to satisfy any person or persons before whom there is a monopoly in driving passengers on the aerial road since this planet is in the heavens.
